

**Dear Miami Beach Jewish Community Center and
Lehrman Community Day School members, families and friends:**

We are writing on behalf of the Miami Beach Jewish Community Center (MBJCC) and Lehrman Community Day School (LCDS) to share an exciting new development regarding summer camp 2010.

The MBJCC and LCDS have agreed to offer a joint camp program this coming summer. Using the MBJCC Camp Regesh umbrella, the program will be offered at LCDS. The staff has been meeting over the past several months to bring to you, your families and your children, the best services and programs of both camps.

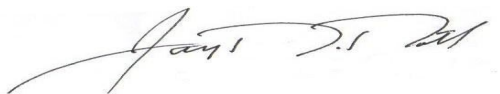

By being at Lehrman, the JCC will be able to expand its programs to include such services as computers & science programs. The JCC will also move its pool from its current site to LCDS which will add an additional component to the traditional quality of the LCDS summer camp services.

We believe that the merger of the two camps, which will be led by Sharona Litwin, and be under the leadership of the MBJCC, will provide your children and families with an outstanding summer camp program in 2010. Veteran LCDS teachers will continue to lead camp specialty areas and staff the new Early Childhood component. A detailed brochure listing all of the key information, including ages to be served, staffing, the specialties that we will be offering and the facilities that will be used, will be available by the second week of February.

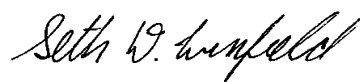

Both institutions share the same goal of providing the best quality camp program for the children of the Greater Miami Beach Jewish community. We trust all of you will see the benefits of the combined resources of the LCDS and the MBJCC as being positive for the community and for your children.

If you have any questions please feel free to call, Sara Rancman or Janet Thomas from MBJCC at 305-534-3206, or Janet Rapp at the LCDS at 305-866-2771 X 24. Please look for the brochure and register your children early for what promises to be the best summer ever for camping in the Miami Beach area!

Sincerely,

Jay R. Roth
